

Teen Marketing Partner Program

The Citizens Deposit Bank Teen Marketing Partner Program is a scholarship program for upcoming Junior & Senior students. The Program was developed to support students in CDB's local communities; providing them with opportunities to serve & shadow to grow into better leaders & professionals. Citizens Deposit Bank aims to select two students from Carlisle, Ballard, and Hickman County Schools (6 students total) to serve as a part of the Teen Marketing Partner Team each school year.

Applications are available each March and may be submitted online or via email. TMPs are chosen by a selections committee within Citizens Deposit Bank. TMPs will attend 5 meetings during their term of service. They are as follows:

- Orientation- This first meeting will serve as an overview of the TMP program for the coming year. This includes a tour of each branch of CDB.
- Marketing- Focus meeting 1 out 3. This meeting will focus on the importance of networking and basic marketing. Students will also be involved in creating marketing content that may be used on CDB's social media platforms.
- Professional Development- Focus meeting 2. During this meeting, we will highlight career skills, and interpersonal relationships.
- Community Service- Focus meeting 3. During this meeting, we will explain the importance of giving back to the local community. Students will work together to brainstorm a potential service project.
- Final Luncheon- We will end the program with a final luncheon and recap the TMP Team's year of service.

TMPs will hear from a variety of speakers during each meeting that contribute to their growth as a leader & professional. They will also have the opportunity to participate in a variety of community service events and quarterly projects to apply the skills learned in each meeting.

Upon completion of the program, Teen Marketing Partners will be awarded a \$500 scholarship to the post-secondary institution they plan to attend. The scholarship will be awarded at each student's Senior Awards Program.
